Skills You Will Attain:

Lip Tattoo Techniques:

Lip tattoo is a semi permanent treatment that imbeds colour pigment into your lips using a machine with very small needle groups.

A lip tattoo can be a light translucent blush or a more solid colour. It can help redefine the lip line, correct uneven lip shapes and give lips beautiful colour that does not wash off.

Lip Mapping:

Whenever you're going to perform cosmetic tattooing on any client, you need to "map" the shape you're going to tattoo. This way, the client can see what the end result will look like and can discuss the shape and changes needed. Also, it helps to keep even tattooing on both lips.

Lip Shapes Identification:

Identifying lip shapes helps you create a lip shape that every client. From large full lips to thin lips, you'll be able to identify each. You'll also learn how to correct lip shapes to achieve an ideal shape on each client.

WHO IS THIS FOR?

You May Be Asking These Questions...

Can I Start A Business?

This course is best suited for someone looking to start a business in Lip Tattoo, whether at home or in another setting, serving their own clients.

At the end of the course, you will have professional Lip Tattoo skills that you can earn a living from by providing services in Lip Tattoo.

If you are purchasing our product kit, you will have all of the products and equipment you need to perform services on your own - all of our products are professional grade salon products and brands.

We have been delivering skills courses in beauty and hair for 15 years now, and by far the most popular option for our students is to start their own business.

Many work from home around their other commitments and some start stand alone salons. We even have students who work in the industry doing mobile services. It's entirely up to you and what suits your lifestyle.

In our experience with thousands of students, starting a business gives you the most freedom and flexibility, while maximizing your income.

Can I Get A Job?

As there is no licensing or formal education requirements in most states*, you can get a job working in a salon with our certificate.

But, like any job, it's going to depend on your skill level and whether a particular salon / business owner decides you are a fit for their business. We cannot guarantee a job after completing our courses.

Salons though and there are many that only hire people with accredited qualifications or apprenticeships.

And some will only let you do an apprenticeship with them as apprentices are on much lower wages, plus there is government funding for the salon.

So if you are looking to work at a particular place, then ask them first if our certificate will be enough or discuss it further with our Student Enrolment Advisers.

QUALIFICATIONS

The Certificate You Receive

Certificate of Completion

On successful completion of our Lip Tattoo Certificate Course, you will receive a certificate of completion. This is all you need to help you demonstrate your skills, work in the industry, get insurance or start a business. You do not need an accredited training program or apprenticeship in Australia.

HOWEVER for any skin penetration treatments you do require the accredited unit HLTINF005 - Maintain Infection Prevention for Skin Penetration Treatments in most areas of Australia now, and those areas that do not presently require it will do so in the very near future. We INCLUDE this unit in the course and you must complete it before you start charging for tattooing services on your clients.

Licensing & Regulatory Information

The Hair & Beauty Industry in Australia was deregulated in 1986. As there are no licensing requirements, it is no longer a legal requirement to undertake an accredited course to be able to work in the beauty industry or own/run a salon. This is also the case in many other countries, and many more countries currently in the process of deregulation.

As it says on the Australian Governments Training Website:

No occupational licensing, certification or specific legislative requirements apply to this qualification at the time of publication.

See Here: <https://training.gov.au/training/details/SHB30416>

SKIN PENETRATION SERVICE:

When setting up a salon for any beauty services especially skin penetration treatments, many councils will have some rules around how that salon is set up. With "Skin Penetration" services, which Lip Tattoo is, there are often further requirements for example having a hands free tap in the room.

Your local council will have these rules on their website and the information provided in the HLTINF005 - Maintain Infection Prevention for Skin Penetration Treatments unit included in this course will also teach you how to find that information. However, as this is a constantly changing regulation, please contact your local council Health Department directly to get further clarification on what they require.
