We can provide everything you need to do your course with plenty left to continue providing services once complete!

Who is This For?

This course is suitable for anyone who wishes to get into the Microblading Industry, either working in a salon, starting a home business for even your own salon. Our students range from school leavers, to more mature career changers & everyone in between!

Key Information:

- In Person Training - small class sizes
- Lifetime Access to Our Online Student Portal, No Time Limits
- Certificate of Completion
- Access to Trainers 7 Days / Week
- Multiple Payment Options and Plans

COURSE OVERVIEW

Microblading Skills Certificate

Our Microblading Certificate course is designed to take you from zero skills to being a high end microblading technician.

You will learn everything from start to finish so that you are able to work in the industry or start a business.

Nothing is missed in this course. You will start at the fundamentals of health and safety. Then you will learn the basic skills, all the way to microblading on live models.

You learn everything through our in person training and have access to our online student portal to refer back to.

Some of the skills you will have are: Brow Mapping, Brow Microblading, Skin Anatomy, Health & Hygiene and more.

There is a breakdown below covering all topics covered in the course.

Career Pathways

Work From Home: More and more people are now looking for the flexibility and freedom of working from home. Setting up and running your own home salon can be the perfect way to earn a great income while working your own hours.

Work in a Salon: The microblading industry is always busy and like a lot of industries at the moment, Beauty Salons just can't get enough good staff who can deliver great services. With the right skills, you can fill the void and earn a great living doing what you love.

Start a Salon: If you're up for an adventure, then starting your own stand alone Salon may be for you. There are more upfront costs and commitments, but the rewards can be enormous. Your first step is gaining the right skills!

Rent a Chair: A popular option that gives you the presence of a salon, without the setup cost. Many salons have spare space and will rent out that space and chair to skilled microblading technicians to do their thing! You can be up and going in no time.

CONTENTS

Course Modules and Skills

Course Modules

WHO IS THIS FOR?

You May Be Asking These Questions...

Can I Start A Business?

This course is most suited to someone looking to get into microblading by starting their own business, either at home or otherwise, and serving their own clients.

At the end of the course, you will have professional microblading skills that you can earn a living from.

Also, if you are purchasing our product kit, you will have all of the products and equipment you need to perform the services on your own - all of our products are professional grade salon products and brands.

We have been delivering skills courses in beauty and hair for 15 years now, and by far the most popular option for our students is to start their own business.

Many work from home around their other commitments and some start stand alone salons. We even have students who work in the industry doing mobile services. It's entirely up to you and what suits your lifestyle.

In our experience with thousands of students, this option gives you the most freedom and flexibility, while maximizing your income.

Can I Get A Job?

As there is no licensing or formal education requirements in most states*, you can get a job working in a salon with our certificate.

But, like any job, it's going to depend on your skill level and whether a particular salon / business owner decides you are a fit for their business. We obviously can not guarantee a job after completing our courses.

Salons differ though and there are many that only hire people with accredited qualifications or apprenticeships.

And some will only let you do an apprenticeship with them as apprentices are on much lower wages, plus there is government funding for the salon.

So if you are looking to work at a particular place, then ask them first if our certificate will be enough or discuss it further with our Student Enrolment Advisers.

QUALIFICATIONS

The Certificate You Receive

Certificate of Completion

On successful completion of our Microblading Certificate Course, you will receive a certificate of completion. This is all you need to help you demonstrate your skills, work in the industry, get insurance or start a business. You do not need an accredited training program or apprenticeship in Australia.

Licensing & Regulatory Information

The Hair & Beauty Industry in Australia was deregulated in 1986. As there are no licensing requirements in force, it is no longer a legal requirement to undertake an accredited course to be able to work in the beauty industry or own/run a salon. This is also the case in many other countries, and many more countries currently in the process of deregulation.

As it says on the Australian Governments Training Website:

No occupational licensing, certification or specific legislative requirements apply to this qualification at the time of publication.

See Here: <https://training.gov.au/training/details/SHB30416>

SKIN PENETRATION SERVICES:

When setting up a salon for any beauty services, many councils will have some rules around how that salon is set up. With "Skin Penetration" services, which Microblading is, there are often further requirements for example having a hands free tap in the room.

Your specific local council will have these rules on their website and we can help you research this is need be.

Queensland: the state government in Queensland requires anyone working in skin penetration services to hold an accredited unit: "HLTINF005 - Maintain infection prevention for skin penetration treatments". A few local councils in other states do as well.

If you require this, we can arrange it for you. It is a quick and easy course to do online and is not expensive. Our Student Enrollment Advisor will discuss this further when they call.

HOW IT WORKS

We Hold Your Hand The Entire Way!

We've been training students online and in person in hair & beauty for over 15 years. In that time, we have perfected our online platform, content, our feedback and guidance processes to enable our students to become highly proficient in professional hair & beauty skills.

Guidance from Microblading Professionals

Our Professional Microblading Instructors use our unique technology to provide the guidance and tuition that you need to learn everything you need to know and also hone your practical skills.

If you decide you would like to continue on after the course from home and send us the work you are doing for feedback, our mobile app makes it easy for you to capture your work the right way every time. And our video feedback system make it like our instructors are there with you every step of the way.

With our 4 step process outlined below, you will learn every step of your practical skills and you will perfect those skills with the careful guidance of your instructor. Each stage builds on the last until you have skills you can earn a great living from.

Theory

You will learn all of the theory you need in class and will have ongoing access to it through our online learning platform via both video content and online manuals. You can also participate in the online quizzes and have a final exam at the end of the course.

Practice

You will practice your skills step by step, starting with the foundations and moving onto the full services. We show you what to do on every step and exactly how to use the products for those services.

Guidance

We give you feedback and guidance on your work. Yes, we assess the work on each of your models and give you constant feedback on each of your skills at each step to keep you on track. Our courses are highly interactive.

Perfection

You will practice each of the services you are learning so that you are perfect. And again we will guide you all the way. If you follow our instructions and take on the feedback and guidance you will master the skills we are teaching you.
