Work From Home: More and more people are now looking for the flexibility and freedom of working from home. Setting up and running your own home salon can be the perfect way to earn a great income while working your own hours.

Work in a Salon: The nail industry is always busy and like a lot of industries at the moment, Nail Salons just can't get enough good staff who can deliver great services. With the right skills, you can fill the void and earn a great living doing what you love.

Start a Salon: If you're up for an adventure, then starting your own stand alone Nail Salon may be for you. There are more upfront costs and commitments, but the rewards can be enormous. Your first step is gaining the right skills!

Rent a Chair: A popular option that gives you the presence of a salon, without the setup cost. Many salons have spare space and will rent out that space and chair to skilled nail technicians to do their thing! You can be up and going in no time.

WHO IS THIS FOR?

You May Be Asking These Questions...

Can I Start A Business?

This course is most suited to someone looking to get into UV Gel Nails by starting their own business, either at home or otherwise, and serving their own clients.

At the end of the course, you will have professional UV Gel Nails skills that you can earn a living from by providing services in UV Gel Nails.

Also, if you are purchasing our product kit, you will have all of the products and equipment you need to perform the services on your own - all of our products are professional grade salon products and brands.

We have been delivering skills courses in beauty and hair for 15 years now, and by far the most popular option for our students is to start their own business.

Many work from home around their other commitments and some start stand alone salons. We even have students who work in the industry doing mobile services. It's entirely up to you and what suits your lifestyle.

In our experience with thousands of students, this option gives you the most freedom and flexibility, while maximizing your income.

Can I Get A Job?

As there is no licensing or formal education requirements in most states*, you can get a job working in a salon with our certificate.

But, like any job, it's going to depend on your skill level and whether a particular salon / business owner decides you are a fit for their business. We obviously cannot guarantee a job after completing our courses.

Salons differ though and there are many that only hire people with accredited qualifications or apprenticeships.

And some will only let you do an apprenticeship with them as apprentices are on much lower wages, plus there is government funding for the salon.

So if you are looking to work at a particular place, then ask them first if our certificate will be enough or discuss it further with our Student Enrolment Advisers.

QUALIFICATIONS

The Certificate You Receive

Certificate of Completion

On successful completion of our UV Gel Nails Certificate Course, you will receive a certificate of completion.

This is all you need to help you demonstrate your skills, work in the industry, get insurance or start a business.

You do not need an accredited training program or apprenticeship to provide nail services in Australia.

Licensing & Regulatory Information

The Hair & Beauty Industry in Australia was deregulated in 1986. As there are no licensing requirements in force, it is no longer a legal requirement to undertake an accredited course to be able to work in the beauty industry or own/run a salon. This is also the case in many other countries, and many more countries currently in the process of deregulation.

As it says on the Australian Governments Training Website:

No occupational licensing, certification or specific legislative requirements apply to this qualification at the time of publication.

See Here: <https://training.gov.au/training/details/SHB30416>

This means that many other training avenues have opened up for those interested in entering the beauty industry at a fraction of the price and with far less time restraints than traditional training.

Many RTO's now offer short courses alongside their accredited courses for those who do not have the time or money for the more formal qualification, or for those who just simply want to test the waters before they do commit to the higher qualification.

So just to clarify, if you are in a country like Australia, where there is no licensing requirement our Certificate is all you need to work in, or own and run a salon.
